

Sector Overview

Sector Highlights

Home Care assessment rates continue to climb. This was the result of high, and growing claim costs through 2019.

Time lost injury frequency decreased in 2018. Unfortunately, the data indicates that there were more time lost claims for 2019 Q1 than there were in 2018 Q1.

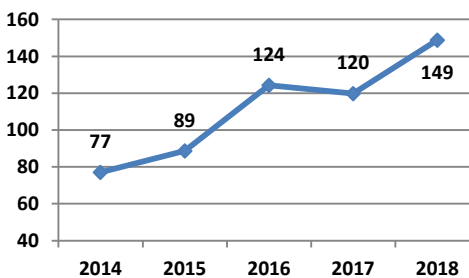

What's going on in Your Sector?

Home Care agencies using DHW funding to procure equipment to reduce injury risks associated with moving, mobilizing and repositioning clients.

Work continues with Home Care Agencies to enhance their safe client handling and mobility programs and develop in-house trainers.

The Workplace Safety Action Plan Team is working to finalize a standard approach to workplace violence prevention by the end of the year.
